“The EEA is proud to sponsor the Festival’s Smart Legal Contracts Challenge, which will serve as a natural space to explore new types of smart contracts that benefit legal professionals and law firms alike,” said EEA Executive Director Ron Resnick. “The event will help show very quickly which new blockchain use cases are worth additional exploration by the EEA’s Legal Industry Working Group.”

“We’re thrilled that EEA is sponsoring the Smart Legal Contracts Challenge, and look forward to collaborating with them on this first-of-its-kind event,” said Jameson Dempsey, Director of Legal Hackers.

For more information about the Festival, visit [www.legalhackers.org/clbfest2018](http://www.legalhackers.org/clbfest2018) (<http://www.legalhackers.org/clbfest2018>).

### About the EEA

The Enterprise Ethereum Alliance (EEA) connects Fortune 500 enterprises, startups, academics, and technology vendors with Ethereum subject matter experts. Building upon the only smart contract supporting blockchain currently running in real-world production – Ethereum – the EEA defines enterprise-grade software capable of handling the most complex, highly-demanding applications at the speed of business. For additional information about joining the EEA, please reach out to [membership@entethalliance.org](mailto:membership@entethalliance.org) (<mailto:membership@entethalliance.org>) or visit <https://entethalliance.org/> (<https://entethalliance.org/>).

## About Legal Hackers

Legal Hackers is a global grassroots movement of designers, entrepreneurs, lawyers, policy advocates, researchers, students, teachers, and technologists who explore and develop creative solutions to issues at the intersection of law and technology. We are a volunteer-run, chapter-based community that is free to join and open to all. Legal Hackers is not a commercial enterprise, trade association, or advocacy group. For more information, visit <https://legalhackers.org/> (<https://legalhackers.org/>).
