Crypto is exploding. The popularity of ICOs, either as a funding vehicle for startups or investment vehicle for cryptocurrency traders, has led to what is the extremely diversified ICO market of today. For anyone trying to do their own research into ICOs, whether for academic or financial reasons, they are bound to have the same initial problem: where to begin?

To help your start down the ICO path in 2018, I've prepared a list of 200+ crypto trading and ICO development resources, which are separated into the following categories:

- ICO Listing Sites
- ICO Analysis Services and ICO Review Sites
- Cryptocurrency Market Data and ICO Price Alerts Services
- ICO and Cryptocurrency Investing News Sites
- ICO and Crypto Forum Communities
- ICO and Crypto Subreddits
- ICO and Crypto Telegram Groups
- ICO Consulting and Business Services
- ICO Indexing and Crypto Trading Services
- Cryptocurrency Portfolio Apps
- Cryptocurrency Exchanges
- ICO and Cryptocurrency Podcasts

This list is not meant to be complete and the order is irrelevant. If you know of a useful site or service not included in the list, please let me know:
