A New Framework

We're working with top legal ex[ ] create the Simple Agreement fo[ ] Tokens (SAFT), an instrument an[ ] framework for token sales. The [ ] inspired by the YC SAFE. Token [ ] and investors can avoid wasting[ ] creating and reviewing one-off [ ] agreements by using the SAFT s[ ] You can focus on what matters: [ ] valuable technology. The SAFT [ ] completely open-source and av[ ] all to use.

About The SAFT

Brands You Can Trust

CoinList is created by Protocol Labs in partnership with AngelList, a leader in early stage startup fundraising. We're revolutionizing and simplifying SAFT sales, enabling the next generation of distributed networks to flourish.
